QUALITY MANAGEMENT

Solax Power guarantees that every single inverter must follow 6 rigorous steps to pass QC tests

The informatized control system established by SolaX implemented the digitized management of energy storage battery production, built a comprehensive quanlity management integrating production and testing processes.

STANDARD MANAGEMENT

OHSMS18001 ISO9001 ISO14001

GLOBALLY CERTIFIED

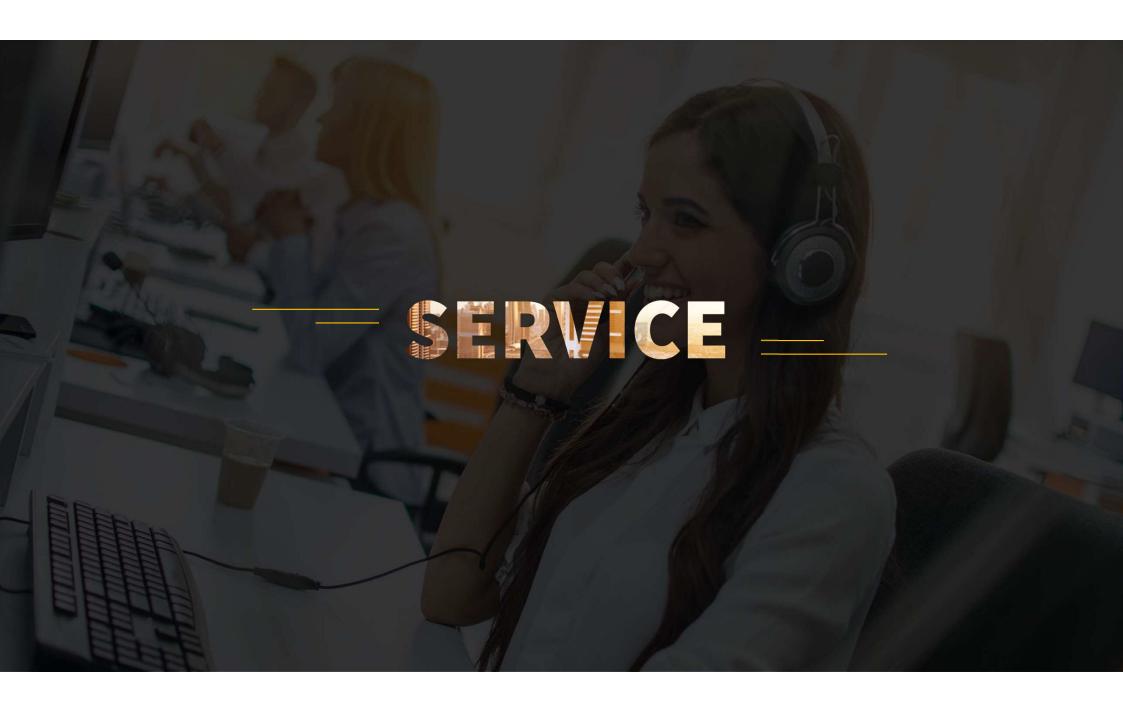

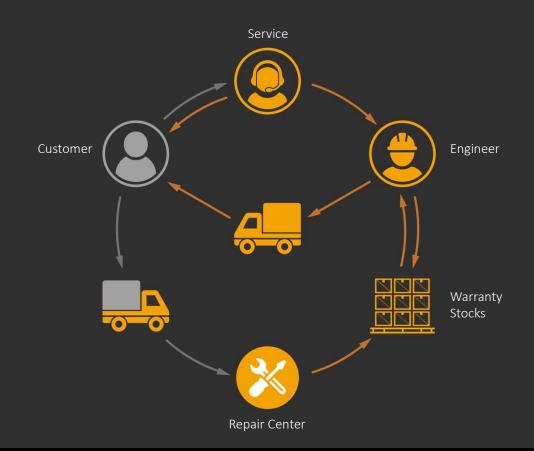

ONE STOP SOLUTION

- All products are solely-developed and selfmanufactured by SolaX, including hybrid inverters, storage batteries, BMS, and battery packs.
- From manufacturing to after-sales support, you can trust us for high-quality products and services.

GLOBAL SERVICE SUPPORT

Training Support

A dedicated technical experts provide professional trainings to

- Our Customers
- SolaX Power's Service staff
- Our global Service Providers

AWARD

Red dot award SolaX product design

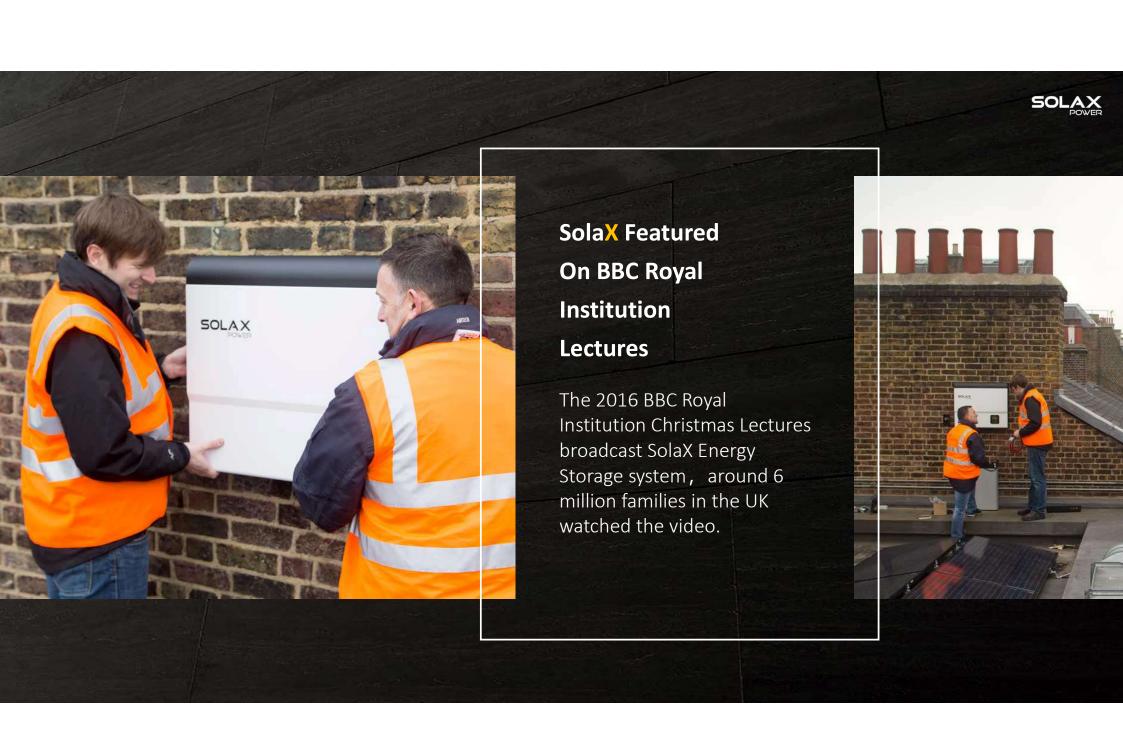

SolaX Power Newest Smart Energy Storage system— X-ESS G4 was awarded the red dot winner in 2021

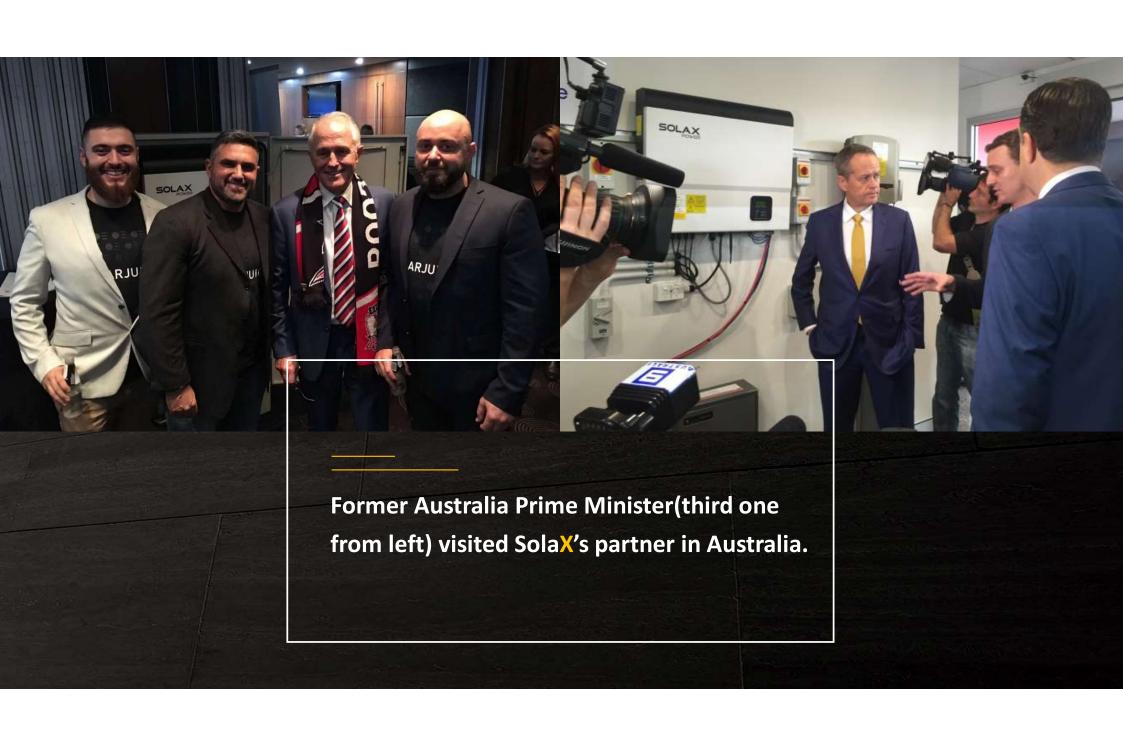

SolaX Featured On Australia's National TV – Nine: ACurrent Affair

In November 2020, Australia's national news program Nine: A Current Affair featured on SolaX' inverter and Triple Power batteries, reporting an average of 2,000 dollars can be reduced with SolaX energy storage system for Australian families.

In Dec. 2020, Pan Yunhe, the former President of Zhejiang University and Vice President of the Chinese Academy of Engineering, visited SolaX factory in Hangzhou, China. Academician Pan encouraged SolaX's self-developed technique, heaped praise on SolaX Energy Storage System, and gave the best wishes on SolaX's future growth.

PV EYE 2021 March edition reported SolaX Power's competitive residential storage system (with images and statics) for the Japan market.

SolaX is expending its presence and has already been recognized as a strong competitor to other Japan domestic inverter brands.

Top PV media PV-Magazine reported X-ESS G4 as the top news.
